Low Cost Websites | Get New Customers!

Description:

Now small business owners have an affordable option to convey a professional online business image, while generating new customer sales leads delivered directly to a cell phone, mobile device and/or email.

EZwebleads.com plans start at only \$29.95/mo., and you can have your website up in about one week. What's more, with an EZwebleads.com website, you'll be able to promote your web address on all of your new and current business promotional materials including business cards, invoices, newspaper advertisements, truck signs, flyers and yellow page ads. Simply put, an EZwebleads.com website is a low-cost marketing tool that will help you acquire and retain customers. It's been reported that up to 56% of small businesses can attribute some portion of their sales to having a customer website. In today's uncertain economy, small businesses need to be on the Internet to expand their client base, but with a minimum financial commitment. That's www.ezwebleads.com
